

# DO YOU KNOW...?

## KHA BALL VALVE AUTOMATED:

KLINGER KHA with pneum./hydraulic actuator:

- » Single or double acting
- » Movement actuator 0 to 90°
- » Emergency hand wheel available
- » Limit switch box in standard and EX version
- » Solenoid valve in standard and EX version
- » Positioner 4-20mA for regulation applications
- » Incl. Assembling and function test
- » Different actuator brands possible: AIR TORQUE, ROTORK, ELOMATIC etc...

KLINGER KHA with electr. actuator:

- » Selection for different voltages, 230,380,400V
- » Movement actuator 0 to 90°
- » With emergency hand wheel
- » Ex and regulation version available
- » Incl. Assembling and function test
- » Actuator control for open/close application
- » Actuator control for bus-system
- » Different actuator brands possible: AUMA, SCHIEBEL etc...
