

DO YOU KNOW...?

CASTED HOUSINGS OF KLINGER PRODUCTS:

- » All major products of KLINGER KFC like ball valve series KHA/KHE/KH(SV)/KHO and piston valve series KVN are manufactured out of casted bodies.

Advantages:

- » Difficult housing geometries and designs are no problem
- » A casted body is very robust and insensitive to pressure shocks
- » Pipeline forces can be absorbed without any damage of the body
- » Made of one piece means no different or complex weldings on the body which are sensitive to crack corrosion
- » Tension free construction
